checking with

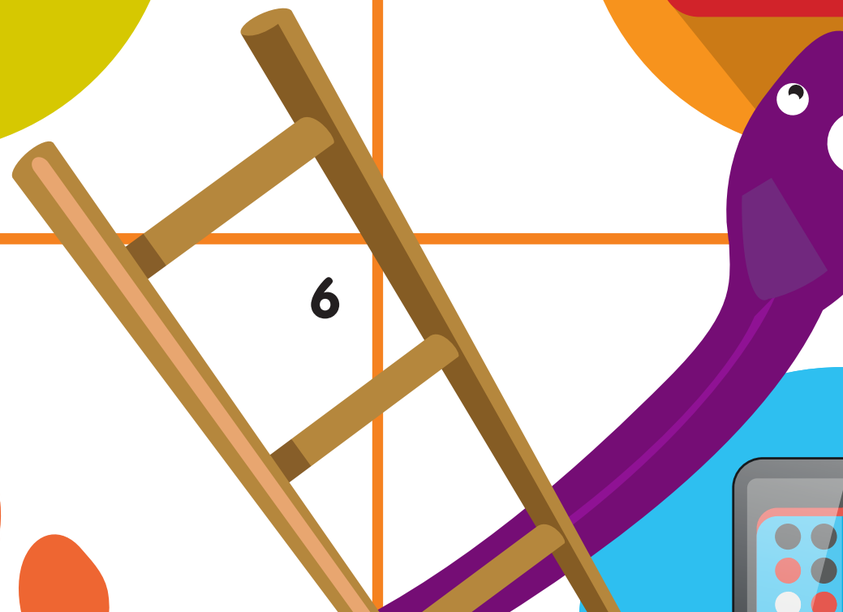

5

Your favourite game wants you to pay £££ for more tokens in order to skip 2 levels.

6

w it works:

ng safe online has never been more important. However by following a few simple steps (and avoiding a few others!), you'll eeping your information secure. To pick up a few tips, try our snakes and ladders Bee-Bot challenge. Roll a dice and move Bot to the right square. If you stick to the right tips you'll finish safely, but get it wrong and be prepared to start again!
